

Wheels in Motion

Smiths Transport

100 Years Strong — A New Chapter Begins

It's official! We're thrilled to share that we've purchased Smiths Transport Ltd from Peter and Mary Anne Smith. It's an incredible honour to carry on a business with such a rich local legacy - 100 years of dedicated service to Morton Mains and surrounding districts.

While we're stepping into the driver's seat, not much is changing. You'll still see Pete behind the wheel of the red trucks, and Mary Anne will be helping guide our team in the office. There'll be a new voice on the phone, but the same reliable service remains at the heart of everything we do.

We're excited to connect with each of you soon - clients old and new - and to continue building on the Smiths Transport tradition.

Cheers,
Shane & Erin

Wilson Contracting

Local. Reliable. Family-Owned.

At Wilson Contracting, we're proud to be a family-owned and operated business based in Waimatua, Southland. For over 22 years, we've been backing our rural community with dependable agricultural transport and earthmoving services.

We're excited to share that we've recently expanded our team through the purchase of Smiths Transport Ltd, a long-standing and respected name in Southland with over 100 years of history. This next step allows us to broaden our capabilities while continuing to deliver the same local, reliable service you've come to expect.

From our early days with just three silage trucks, we've grown steadily - thanks to our values of hard work, relationships, and getting the job done right. We're not just your contractors - we're your neighbours, and we're here when you need us.

Covering Southland

Whether it's a Wilsons or Smiths truck that turns up, know you're in trusted hands. We're working together across the district to keep Southland moving.
